Box Inventory Sheet

Know what's in every box and where it belongs, from packing day to the last box unpacked.

How to use

1 Number every box

Write the number on the top and two sides, and add a color-coded label for its room.

2 Log it as you pack

Record the box number, room, and a short list of what's inside.

3 Check it off

Tick the box when it's unloaded at your new home. Nothing goes missing.

Room color key

Assign each room a color, then use the matching label on every box headed there.

ROOM	LABEL COLOR	BOX NUMBERS
